Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

5 minutes

Brainstorm

Write down any ideas that come to mind that address your problem statement.

10 minutes

TP
You can select a sticky note and hit the pencil icon to select items to start drawing!

TP
Add customizable tags to sticky notes to make it easier to find, organize, organize, and categorize important ideas as themes within your mind.

Group ideas

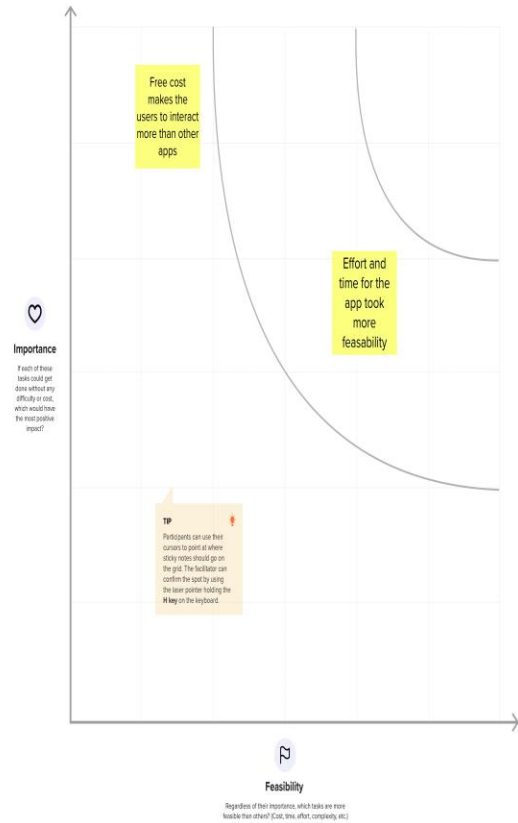

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

20 minutes

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

20 minutes

After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

Share the mural

Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

Export the mural

Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.

Keep moving forward

Advantages

- No restrictions on time for podcast listening
- Personalized content in podcasting
- Podcasts are portable
- You can listen to what you want and whenever you want
- Podcast is very convenient medium of communication, especially for audience

DISADVANTAGES

- Internet is required for people to access the podcasts and it becomes difficult to reach to a wider audience if internet is not available
- It takes a lot of time and efforts to find the right niche and audience for the content you are producing
- Can be quite time consuming to produce and edit

APPLICATIONS

- Podcast app should let you create playlists
- An interesting topic or effective editing and production techniques that improve the broadcasting quality
- Create unique content and add more styles for user experience

CONCLUSION

More efforts and time are used for making the podcast app. Still it needs more content and features are required to make this app to look better than other applications. Styles and frameworks are used in this app for user better experience.

FUTURE SCOPE

Attract large number of users for this app. Lots of work needs to attract users. Increase the number of contents for the users without any lag and without any missing contents. Every user must feel comfort and feel free to use for free of cost.
